THE COLOURS

With a choice of 13 colours, including two wood effect options, we are confident that whatever your colour preference the Nottinghamshire Collection will have a door to compliment and improve your home.

Additionally the Nottinghamshire collection has a unique glazing cassette which eliminates the need for grommets to be used when covering fixing screw holes, grommets do not always match the cassette. Our glazing cassette is manufactured to securely clip together once the glass has been fixed into the aperture - safe - secure - elegant.

NO DISCOLOURATION

It is a fact that timber doors will discolour over time and need repainting. Our composite doors have a GRP skin that will NOT discolour over time, meaning your door will look as good as when it was installed in years to come.
